### A Message from Mr. Mark...

Parents we are progressing into the school year very well and we are at a point where students have begun to develop their routine here at Chapel Hill. As you inquire about your students day please consider discussing the following topics:

**What are you reading?** Be sure to discuss with your student what they are reading and what they understand about the book. To build an interest in reading it is important for students to have the opportunity to discuss the text and gain a better understanding.

**Who are your friends?** It is important to know who your student's friends are in an effort to help them build the right relationships. If they can learn to build good relationships in middle school it will help them for the rest of their lives.

**Did you check your grades today?** Students must check their grades every day. They are responsible for their grades and checking them every day should be part of their routine.
